LinkedIn: https://www.linkedin.com/in/ansh-sharma-79aa01278 | GitHub: https://github.com/Ansh01612

PROFESSIONAL SUMMARY

Entry-level Agentic AI Engineer candidate with project experience in full-stack AI application architecture, LLM integrations, retrieval workflows and external tool/search integrations. Familiar with LangChain/LangGraph, modular Node.js services, Python APIs and data infrastructure. Focused on building reliable AI workflows with clear service boundaries and testable behavior.

TECHNICAL SKILLS

• Programming & backend: Python, JavaScript, Node.js, Express, FastAPI

• Agent/LLM frameworks: LangChain, LangGraph (documented project integrations)

• Tool and retrieval integrations: Tavily search, Qdrant, Chroma, embeddings, RAG

• Data & infrastructure: MongoDB, Redis, REST APIs

• Frontend and workflow tools: React, Vite, Git, GitHub

PROJECTS

CortexAI — Full-Stack AI Chat Platform | React, Vite, Node.js, Express, LangChain/LangGraph, MongoDB, Redis, Qdrant, Tavily

• Designed/documented a multi-service AI chat platform split into gateway, authentication, chat, agent and billing services.

• Configured LLM-provider, web-search and vector-search infrastructure for tool-augmented application workflows.

• Separated request routing, user/session data, agent functionality and billing concerns through service boundaries.

• Repository: https://github.com/Ansh01612/cortexai | Demo: https://cortex-ai-rho-khaki.vercel.app/

AI Video Analyzer | Python, FastAPI, Streamlit, Whisper, Sarvam AI, OpenRouter, LangChain, Chroma, RAG

• Built/documented a media-analysis workflow that turns YouTube videos or audio/video files into transcripts and structured summaries.

• Generates action items, key decisions and open questions, then supports transcript-grounded question answering using RAG.

• Splits audio into smaller chunks for transcription and retrieves relevant transcript passages to provide context to the language model.

• Repository: https://github.com/Ansh01612/Ai-video-analyzer | Demo: https://ai-video-analyzer-4454.vercel.app/

EXPERIENCE

Artificial Intelligence Intern | CODTECH IT Solutions | Remote | Oct 2024 – Nov 2024

• Worked on AI-agent-related tasks during a remote internship.

• Technologies reported: Python, Pandas, NumPy and scikit-learn.

LEADERSHIP EXPERIENCE

Community Lead & Founding Member | Google Developer Groups / Google Developer Student Club, SAGE University, Indore | Academic year 2024–2025

• Helped build, engage and nurture the campus developer community through collaborative initiatives.

• Supported a welcoming, growth-oriented tech ecosystem on campus.

EDUCATION

Class X: Government Model Higher Secondary School, Chhatarpur, Madhya Pradesh

Class XII: Rani Durgabati Higher Secondary School

B.Tech, Computer Science and Engineering (Core) | SAGE University, Indore | 2022–2026 | CGPA: 8.03/10

CERTIFICATIONS

• Oracle University — Agentic AI Certified Foundations Associate (Jul 2026; valid through Jul 2028)

• JPMorgan Chase / Forage — Quantitative Research Job Simulation (Jul 2026)

• Tata / Forage — GenAI Powered Data Analytics Job Simulation (Jul 2026)

• Quantium / Forage — Data Analytics Job Simulation (Jul 2026)

• be10x — AI Tools and ChatGPT Workshop (Jun 2026)
